### **Introductions:**

- ***OUR NEXT MEETING WILL BE TENTAVIELY HELD ON WEDNESDAY, April 11th @ 6pm IN ROOM A121 RUSSELL LABS***
  - ➔ Please bring with you an object that represents why you are involved in natural resources. We would like for this to be a way to get to know more about eachother, so please come to this meeting with something that will let us know more about who you are!
- **ELECTIONS:** We will be having a **special meeting next Wednesday (3/14) at 6:00 PM in A121 Russell Labs to nominate and elect club officers for the 2012-2013 school year.** In order to be considered for a position, you must be nominated. Consider positions carefully and decide if this sounds like a responsibility you are willing to commit to. We are looking forward to seeing the next set of officers! Collin B. has also sent out an email with more information on this.
- **LOUNGE REORGANIZED:** Collin B. reorganized the lounge on the first floor! It's now more spacious and has copies of natural resource newspapers and magazines, so come check it out. Thanks again, Collin!

### **Guest Lecture:**

- The Forestry Club would like to thank Mr. Ken Terrill for a wonderful lecture on wildland fire career opportunities! We had the pleasure of his company this past meeting and his support for the future generation of natural resource managers is very encouraging!
  - ➔ His lecture covered the different career tracks within the National Wildfire Coordination Group (NWCG) including:
    - training and qualifications
    - how to become a firefighter
    - fire computer programs, and the
    - Incident Command System, which Ken himself has helped to implement in a number of state agencies.

It was very insightful and informative and we really appreciate Mr. Terrill taking time out of his schedule to meet with us! More information about the lecture can be found on the other attachment to this email, or visit: [nwcg.gov](http://nwcg.gov)
